

## General Information

The ETSB's dedication to education and lifelong learning shows in the breadth of resources spread across our region. We serve close to 6000 students in:

- ~ 20 elementary schools
- ~ 3 secondary schools
- ~ 1 learning center (secondary)
- ~ 2 vocational education centres
- ~ 2 adult education centres
- ~ 1 centre of excellence

***Our school buses cover over 16,500 km daily!***

We are dedicated to making sure that our students know more than just the facts. We encourage children to grow socially, physically, intellectually and emotionally, to be critical thinkers and to become both leaders and team players.

A large number of experienced and dedicated staff, ensures that students receive both the wisdom and passion of quality teaching and care.

***Managing all of this is our administrative team, representing five departments:***

- ~ General Administration:
  - Information & Communication Technologies
  - Secretariat General
  - Vocational and Adult Education Services
- ~ Pedagogical Services
- ~ Complementary Educational Services
- ~ Financial Resources
- ~ Human Resources & Labour Relations

Bilingual learning is a priority. Language Arts programs focus on phonological awareness and varied approaches, and the ETSB is well ahead in implementing our extended Language Initiative, which is designed to enhance French and English language instruction.

The presence of our official languages in our schools and centres is one of the cornerstones of the ETSB.
